WHY BOTHER BUILDING A COMMUNITY?

Because we've asked our members and this is how they feel, in great part thanks to the community.

Tell us how you feel

Twice a year we ask you for feedback that helps us make your experience at Mindspace better.

Please take a few moments to complete this semi-annual survey and help shape the future of Mindspace.

MARKETING CHANNELS

Mindspace's Community Managers create **connections** and deepen the sense of community via various **events and activities**.

Our members seek convenience and partnering up with an eclectic mix of brands and service providers enriches the Mindspace experience while also creating an accessible pool of relevant leads for our partners.

DIGITAL & PHYSICAL COMMUNITY

THE MOBILE APP AUGMENTS THE STRONG LOCAL COMMUNITIES AT MINDSPACE WITH A GLOBAL, DIGITAL COMMUNITY EXPERIENCE.

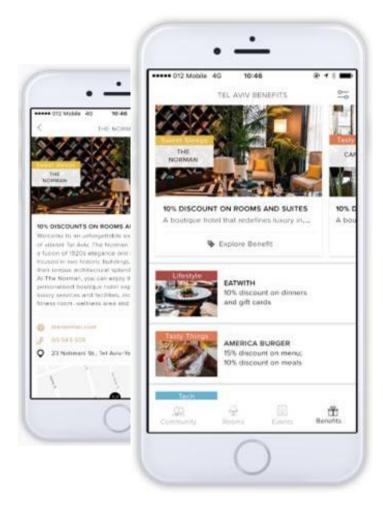

Mindspace partners can feature their logos and offers across various sections of the app including in the feed, benefits section and magazine.

Mindspace is already known for the quality and togetherness of its community, built through the thoughtful work of our caring Community Managers. Until the app, such communities were limited by geography and time. The mobile app breaks all borders.

• The Mindspace app allows members of the Mindspace community to get to know one another, regardless of their Mindspace

location

- Discover Members based on skills and shared areas of interest
- Discover companies based on industry, products or services
- Connect with other members easily to form real-life connections
- Stay up to date with community news, events, discussions on the Community Feed.

MINDSPACE MORE THAN AN OFFICE

YOUR TOP 10 TAKEAWAYS OF THE DAY

Community works best,

- 1. ... when you listen:)
- 2. ... when community management has a really deep understanding of connectors and dividers in their community
- 3. ... when it's enabled, not forced
- 4. ... when you find fast solutions for small problems, as they tend to bother them the most
- 5. ... when the ratio of "private working" to "community exchange" is in balance
- 6. ... when diversified in size, background, industry
- 7. ... when diversified in the offer for them (events, workshops, networking, yoga)
- 8. ... when community management makes it the heart of their job to know the members "inside-out" / has a real understanding of the wants and needs
- 9. ... when community management understands the different cultures and the impact of them on community exchange
- 10.... when community management actively asks members for event formats / topics they would be interested in

THANK YOU
